

Product Sheet Natural Hemp Soap

Our all-natural Hemp Oil glycerin soap is a gentle alternative to department store bars with man-made surfactants and stuff most folks can't even pronounce. Our soap is a nice light herb green color, and made only saponified oils of Coconut, Palm, Unrefined Hemp & Castor, Vegetable Glycerin, Distilled Water, and Borax - scented only with natural essential oils (or none at all, if you prefer). Absolutely no alcohol, preservatives, SLS, glycols, fragrances or anything synthetic - and it's Vegan, too.

The perfect cleansing alternative for new and old tats or just bathing, period.

Ingredients:

Coconut Oil, Palm Oil, Castor Oil, Vegetable Glycerin, Distilled Water, Sodium Hydroxide, Hemp Oil and Borax.

\$4.50/bar
