

Product Sheet Natural Artisan Lipstick

Made from nothing but the finest organic oils and Shea butter, and colored with natural iron oxides and mica - NO DYES, NO JUNK! Our Artisan lipsticks will leave lips kissably soft, conditioned and naturally colored without feathering. Not only are they beautiful on the lips, they are a joy to look at in the tube with the natural swirling of color. Each lipstick is artisan-made, and never done in a mass production machine. VEGAN
