

## Product Overview

# Lueur Jeune Skincare Foundations

Lueur Jeune mineral makeup is much more forgiving than liquid and chemical makeup... One shade of our bismuth-free foundation will suit a wide range of skin tones. Any foundation shade may be mixed with another shade, with a bronzer, or with any other mineral powder to create the look you want. You have the control. Our exceptionally lightweight foundations glide onto skin and make it easy! We also make it easy to tailor your foundation to your skin type. Just choose your color, and then choose the formula that fits your skin type.

### **House Blend™ Foundation Formula – All Skin Types**

With exceptional, lightweight glide and creamy feel, this formula features generous amounts of real, pure silk, crushed pearls and skin-healing (plant-derived) Allantoin - and is very healthy for your skin! An incredibly long-wearing water-resistant foundation, House Blend gives great coverage and consistent color all day or all night. Good for all skin types, including the most sensitive.

Ingredients: Mica (and) Carnauba Wax, Titanium Dioxide, Zinc Oxide, Boron Nitride, Silk Powder, Pearl Powder, Plant-derived Allantoin, Silica, Iron Oxides. May contain Ultramarines, Chromium Oxide Green.

### **Oil-Control Foundation Formula – Oily, Combination Skin**

This formula is meant only for the oiliest of skin. The power of Kaolin clay and an extra boost of silica provide superb oil absorption without affecting color or wear, as well as pure silk, skin-healing plant-derived Allantoin and crushed pearls. If you have mildly oily or combination skin, we recommend our House Blend and Oil-Control Primer powder.

Ingredients: Mica (and) Carnauba Wax, Kaolin, Titanium Dioxide, Zinc Oxide, Boron Nitride, Silica, Silk Powder, Pearl Powder, Plant-derived Allantoin, Iron Oxides. May contain Ultramarines, Chromium Oxide Green.

### **Dry Skin Foundation Formula – Dry, Dry-Sensitive Skin**

Lueur Jeune Dry Skin Formula is an even lighter weight formula with the same glide and feel as our "House Blend", but what makes this formula different is no oil-absorbing silica is added and the sericite base is treated with natural Jojoba for much-needed moisture retention in the skin and long-lasting color.

Ingredients: Mica (and) Jojoba Esters, Titanium Dioxide, Zinc Oxide, Boron Nitride, Silk Powder, Pearl Powder, Plant-derived Allantoin, Iron Oxides. May contain Ultramarines, Chromium Oxide Green.

### **UltraCover™ Foundation Formula – All Skin Types**

UltraCover is a highly effective, total matte coverage foundation, with the same light, silky application and long wear as our other formulas. Formulated with soothing and skin-healing ingredients, UltraCover was developed for a leading plastic surgeon for his post-surgical patients. UltraCover will not dry out skin, and covers redness, spider veins, and even post-surgical bruising - and still looks natural! Maximum coverage is achieved using a flocked sponge.

Ingredients: Mica (and) Carnauba Wax, Zinc Oxide, Boron Nitride, Titanium Dioxide, Plant-derived Allantoin, Silk Powder, Pearl Powder, Silica, Iron Oxides. May contain Ultramarines, Chromium Oxide Green.

### **Vegan Blend Foundation Formula – All Skin Types**

Vegan Blend has the same exceptional lightweight glide and creamy feel of our House blend, but this formula omits silk and pearl powders for the Vegan experience. An incredibly long-wearing water-resistant foundation, Vegan Blend gives great coverage and consistent color all day or all night. Good for all skin types, including the most sensitive.

Ingredients: Mica (and) Carnauba Wax, Titanium Dioxide, Zinc Oxide, Boron Nitride, Plant-derived Allantoin, Silica, Iron Oxides. May contain Ultramarines, Chromium Oxide Green.

### **Pressed Perfection™ Cream-to-Powder Foundation – Normal, Dry, Mature, Sensitive**

Pressed Perfection is an innovative cream-to-powder foundation that fits skin like a glove, providing superior matte coverage and blendability with the same lightweight feel of loose mineral makeup. Incredibly long-wearing, water-resistant and non pore-blocking, Pressed Perfection is easy to apply and is great for your skin - the main ingredient is squalane (olive-derived, of course). Fragrance and preservative-free.

Ingredients: Squalane, Mica, Titanium Dioxide, Stearyl Alcohol, Silica, Silk Powder, Boron Nitride, Methyl Behenate, Iron Oxides, Ultramarines, Isopropyl Titanium Triisostearate, Ethylene/Methacrylic Copolymer.

### **Organic Liquid Foundation – All Skin Types**

Our new liquid foundations are made with the most nourishing natural ingredients, high in antioxidants, and packed with moisturizing oils and DMAE for that beautiful, youthful look you crave! 8 color selections. Made with 89% Organic ingredients, Paraben-Free, Fragrance-Free & Vegan.

Ingredients: Aloe barbadensis (Organic Aloe) Juice, Simmondsia chinensis (Organic Jojoba) Oil, Titanium Dioxide, Emulsifying Wax, Iron Oxide, Tocopherol (Vitamin E), Mica, Zinc Oxide, Dimethylaminoethanol (DMAE), Vegetable Stearic Acid, Limnanthes alba (Meadowfoam) Oil, Daucus carota sativa (Carrot) Oil, Methylsulfonylmethane (MSM), Phenoxyethanol, Konjac Glucomannan (Mannan), Rosmarinus officinalis (Rosemary Extract), Azadirachta indica (Neem), Xanthan Gum, Polysorbate, Tetrasodium Edta, Citric Acid
