

## Product Sheet Oil-Control Primer

Oil-Control Primer is for oily/combination skin. Lightly applied before foundation, this primer aids in absorption of excess sebum and extends the wear of your foundation at the same time. This primer is especially helpful for combination skin types because you can control application to only the areas needing it. Our Oil-Control Primer is translucent and imparts no additional color to interfere with your foundation. Can also be used for touch-ups throughout the day to keep skin looking oil-free.

### Ingredients

Calcium Carbonate, Magnesium Stearate, Mica (and) Carnauba Wax, Kaolin Clay, Titanium Dioxide, Silica, Silk, Allantoin, Iron Oxides
